saddened countenances and dim eves in the port gangway, where a siender form, with weights at the feet, lay rigidly upon a plank, with the union tack spread over One end of the plank was upon the sl) of a port, while the other was supported by a rest inboard. The courses were handed up, and the main topsall lay "aback." With a voice choked with emotion, the aged captain read the burial service, two men at the proper moment raised the ends of the plank, the union jack was removed. and the remains slid slowly into the sea, rested a moment upon surface of the water and then sank out of sight "until the sea

The sails were slowly filled, and the ship proceeded upon her way, wearily beating ip along the coast of Cuba, towards the Windward Passage. As darkness closed upon the scene, the commander said quiety to the weary first officer, "Mr. Jones has

The captain and his mate stood alternate watches, looking out for their sick messmate and the ship. Prompt attention and good nursing saved his life, but before he could drag his wasted form on deck two more of the crew were stricken down. The colored cook was invaluable. How and when he slept no one knew. With Bitters will convince any one treated with coshis short pipe in his mouth he seems to their curative properties. They only cost 2N cents of their curative properties. The colored cook was invaluable. How ed to be always ready to help, and was the | per bottle

most cheerful man in the ship. The old captain watched everyone carefully, and worked his ship with such men as were able for duty, neglecting nothing.
One after another was taken down

while the convalescent ones helped as they could. No more died, but all had the fever, except the colored man. He alone of the crew escaped. On the seventeenth day out from port, the captain quietly called the young first mate, and said to him, "Mr. Brown, I have the fever. I have had it twice before, and escaped. This time if will kill me. My advanced years and the fatigues that I have undergone presuspose me to the attack. You will take charge of the ship, carry her to Boston, and reporto the owners." The young man was at first stunned, but, recovering with the elasticity of youth, and at once accepting the grave cares thus suddenly thrust upon him, he assisted the old man below, administered the usual treatment, and saw his patient carefully disposed. Calling the to stay be the captain, he went on

Night was coming on. To windward, close aboard, was Crooked Island, ahead and to be ward were Long Island, Rum Cay, and Watting's Island. The region was one of rapid and uncertain currents, strong breezes, and many shipwrecks, i nder the most favorable circumstances, with a full crew and a strong and able ship the coming night must be an anxious one

Mr. Brown was young but valuant, and be had been trained, under stern masters. In school where no duty was ever readed. He mustered his diminished forces, - the second mate and three men. He told them of the sickness of the captain, and of the dangers with which they were surrounded. A SEA-EPISODE
